

Quality Policy

Our commitment to you...

Integrity Mobility Solutions Ltd. strives to be acknowledged as a quality, industry leader in the manufacturer & distribution of medical devices. We provide innovative solutions and services to meet the needs of our customers in line with the principles of sustainable development, responsible care and quality products.

Our Principles

- We conduct our businesses with respect and care for the environment and without compromising the health and safety of people, whether employees, customers or citizens around the world.
- We Continuously Improve our business processes while meeting or exceeding all applicable legal, regulatory or other requirements and appropriate international standards.
- We provide high quality services to make our customers successful and add value to our business.
- We provide an environment for open and transparent communication of Quality matters.
- We recognize that the skills and involvement of our employees are essential for understanding and fulfilling the needs of our company and customers.
- We provide the necessary resources to achieve our vision.

Review & Monitoring

We will regularly review and update this policy to ensure it remains effective and relevant to our business activities. This policy is reviewed on an annual basis & is made available upon request.

Our Commitment

In order to follow these principles Integrity Mobility Solutions Ltd. will:

- Integrate Quality into all business strategies and processes.
- Manage Quality effectively by evolving, implementing and maintaining a best practice, process oriented, risk based, integrated management system.
- Assess and manage the Quality risks of the business from past practices.
- Measure Quality performance and develop annual and long-term quality objectives to achieve Continuous Improvement.
- Verify compliance with internal and external requirements through audits and comply with international standards such as ISO 9001: 2015.
- Address Quality issues and their impact on practices, processes and products to align our business with public and customer expectations.
- Promote Quality awareness and enhance confidence of internal and external stakeholders in our business by communication, consultation, training and advising.
- Hold every employee accountable for their commitment to our principles to ensure quality of services.
